## 27<sup>TH</sup> SUNDAY IN ORDINARY TIME

He said to them in reply, "What did Moses command you?"  
They replied, "Moses permitted a husband to write a bill of divorce and dismiss her." But Jesus told them, "Because of the hardness of your hearts he wrote you this commandment. But from the beginning of creation, God made them male and female." - Mk 10:3-6

## A MESSAGE FROM FR. PARKS

### *Faith and Reason*

Some years ago I was on a plane flight where I struck up a conversation with the young man next to me. He was a college student at the University of Arizona. After discussing a number of topics about family and personal interests the conversation turned towards faith. He informed me that he used to be Catholic but was no longer practicing. When I inquired as to why he left the practice of his faith, he responded (to my frustrated dismay), "I got really into science."

Despite the claims of the "new atheists" (e.g. Richard Dawkins, Sam Harris, Daniel Dennett, and Christopher Hitchens) there simply is no war between faith and science or faith and reason. It may be true of certain protestant denominations with fundamentalist leanings, but in the Catholic Church—we believe that faith and reason are two harmonious paths to the truth—and that faith and science (properly understood) never contradict each other. God is the author of both creation (including the scientific laws that govern it) and faith. Since he is the author of both "books" and he never deceives or lies, those two "books" cannot contradict each other.

In fact, the Catholic Faith is a perfect faith for the practice of science. Why? Because we believe that the world was created by an intelligent mind whose intelligibility we discover through our practice of science. The second reason is that we are not pantheists (i.e. thinking the world itself is divine) and therefore we are free to perform experiments on the world (while maintaining respect for God's creation).

Finally, the amount of Catholic scientists alone would seem to have put this old 'faith vs. science' canard to bed. Think of Gregor Mendel who is considered the father of genetics due to his experiments on pea plants. Nicolaus Copernicus was instrumental in discovering heliocentrism—that the sun is at the center of our solar system; Nicolas Steno is considered a pioneer in geology and the study of rock layers (who eventually became a Catholic Bishop) and lastly Fr. Georges LeMaitre made crucial discoveries in theorizing the 'big bang' theory (which he called the 'cosmic egg' theory). These are just a few of the pioneering scientists who were devout Catholics and saw no dichotomy between faith and science or reason. (One day, search the internet for "Catholic scientists" and prepare to be impressed.)

So, the next time someone claims that faith and science are opposed, please remind them that as Catholics we believe knowledge is wonderful because it comes from our loving Creator who is the author of both scripture and creation.

### Welcome to Our Lady's Corner— Your Source for Catholic Inspiration!

The Feast of our Lady of the Rosary is October 7, and October is dedicated to the rosary. It is a very powerful prayer. Do you say it daily?

It may seem daunting at first, but there are ways to get started.

1) You can start with one Our Father and 10 Hail Marys every day for a week. Then double it every day for a week, then triple it, then quadruple it, then do it five times. The rosary takes about 15-20 minutes per day, and since we strive to put God first in all things, 20 minutes a day is minuscule.

Once you get that down,

2) Google USCCB.org and search "How to say the rosary". You can see the different bible mysteries for each decade. Each day has a different set of mysteries, the Joyful, the Sorrowful, the Glorious and the Luminous.

3) Don't like that? Try the Hallow App. You can just listen while they say it until you get the hang of it.

4) That's it! You've got it! Just keep doing it!

We complete this very special month with the Rosary Celebration downtown at the Convention Center on Sunday afternoon, Oct. 29. (OLOJ always offers a bus so you won't even have to drive). That means that in one month's time you will be an expert!

You will find this 20 minutes calming, peaceful and centering. You will develop and improve your connection with God. You will develop and improve your connection to Mary. The rosary provides tremendous intercessory powers and graces from Mary. St. Padre Pio, one of the Church's greatest saints, referred to it as his "weapon". In fact, he was noted to be panicked towards the end of his life when he was in bed and couldn't find it screaming "Give me my weapon! Give me my weapon!" He said, "With this, one wins the battle. Satan wants to destroy this prayer, but in this he will never succeed. The Rosary is the prayer of those who triumph over everything and everyone." Will this be you?

## Sanctuary & Adoration Chapel Candles

All Catholic Churches have Our Blessed Lord in repose at all times in the Tabernacle on the Altar and in their Adoration Chapel (if they have one). Next to the Tabernacle is a candle that must be perpetually lit to indicate the presence of Our Lord.

In addition to Mass Intentions, we offer our parishioners the opportunity to sponsor a Sanctuary Candle or an Adoration Chapel Candle in honor or in memory of a loved one.

We publish these names in our bulletin each week and the sponsor is provided with a card that they can give to the family of the person they are honoring or remembering.

*You may sponsor a candle for a \$20 donation by visiting the office or by calling the office at 480-488-2229.*

In today's Gospel, Jesus tells his disciples, "Let the children come to me...for the kingdom of God belongs to such as these."

This week, please help the Society of St. Vincent de Paul to bring the love and mercy of Jesus to children who are hungry and cold.
